

HOW ALERTPBC WORKS

When we issue a notification about a potential safety hazard or concern, you will receive a message on the voice or text communication methods that you have registered. If requested for the notification, you can confirm that you have received the message and you will not be contacted by any subsequent methods regarding that particular notification. If you do not confirm, the system will continue to attempt to reach you at all of the contact paths that you have registered.

SIGN UP FOR NOTIFICATIONS

Go to www.alertpbc.com to create a profile and add your contact and location information. All information provided will be kept strictly confidential.

ALERTPBC offers two types of notifications: **weather** and **county/city alerts**.

WEATHER ALERTS

Choose which weather hazards you would like to be alerted of. Only hazardous weather that is or will affect one of the addresses in your profile will be sent to you.

COUNTY/CITY ALERTS

Choose which cities you would like to receive public safety notifications from. You can choose as many cities as you would like. County public safety notifications will be received automatically.

You can stop receiving notifications at any time by removing your contact information from your profile.

Palm Beach County's Emergency Notification System

WHAT IS ALERTPBC?

ALERTPBC is Palm Beach County's Emergency Notification System that allows you to opt in to receive notifications via **phone calls, text messaging, e-mail and more** based on locations you care about. You can choose to receive notifications about events that may affect your home, workplace, family's schools and more.

WHEN WILL IT BE USED?

This system will be used to notify you about **imminent threats to health and safety** as well as informational notifications that affect your locations or work environments.

Administrators will send notifications regarding:

severe weather

flooding

gas leaks

police activity

and more

However, signing up for ALERTPBC does **not** guarantee you will receive notice of all public safety issues and concerns.

The information you provide is protected and will **not** be used for any other purpose.
